

Canada-China Machinery Purchasing Matchmaking Meeting(September 13, 2012) Participating Chinese Companies

| No. | Company Name | Products Wanted/Business interested | Company Profile | Website |
|-----|--|--|--|---|
| C1 | GMG International Tendering Co., Ltd. | <p>1) Medical equipments: The large or middle medical equipment without SFDA certification in China but planned to be sold in China. The large or middle medical equipment with SFDA but not well-known to Chinese medical institutions.</p> <p>2) The suppliers with the intention to cooperate with Chinese medium and small medical institutions.</p> | <p>GMG International Tendering Co., Ltd. (GMGITC) , Specializes in the introduction of electromechanical equipment and technologies. GMGITC is the largest International Procurement service provider of electromechanical equipment in Guangdong, and the largest tendering and import service provider of medical equipment in China.</p> <p>Business Scope: International Tendering, Government Procurement, Import & Export services.</p> | http://www.gmg.com.cn |
| C2 | Zhongke Scientific & Technical Co., Ltd. | Instruments & Equipment--Linear Accelerator, Laser Ranger | <p>Zhongke Scientific & Technical Co., Ltd. specialized in importing and selling physical and chemical analyzers, electronic testing instruments,medical equipments, integrated circuit (IC), chemical raw materials, machinery equipments, wholesale business for coal, etc., and exporting handicrafts, daily necessities, machinery and electronic products, and equipment sets.</p> <p>Business Scope: physical and chemical analyzers, electronic testing instruments,medical equipments, integrated circuit (IC), chemical raw materials, machinery equipments, wholesale business for coal, etc..</p> | http://www.gdstie.com |
| C3 | Guangdong Foshan Pump Factory Co., Ltd. | Machining centre, Casting equipment | <p>Guangdong Foshan Pump Factory is a leading manufacturer in centrifugal pumps and liquid ring vacuum pumps in China with over 50 years of experience in pump design and manufacture. Kenflo pumps are widely used in power generation, petrol chemical, mining, chemical industry, paper industry, fire fighting and water supply. Guangdong</p> <p>Business Scope: Centrifugal pump, Liquid ring vacuum pump.</p> | www.kenflo.com |
| C4 | Foshan Nanhai Litu Science Co.,Ltd. | CNC machining center | <p>Foshan Nanhai Litu Science Co.,Ltd. specializes in the development of industrial automatic equipment. It designs, produces and sells high grade computer cutting machine. The company has developed and produced garment sample computer cutting machine, box bag sample computer cutting machine and hardware processing computer cutting machine.</p> <p>Business Scope: R & D, processing, assembly, sales: computer hardware and related equipment, computer cutting machine, CNC machine; develop and design computer systems.</p> | www.litu.com.cn |
| C5 | Guangdong Xidesheng Mechanical Co., Ltd. | Air compressor, gear motor, electrical equipment, gear motor products, communication equipment | <p>Guangdong Xidesheng Mechanical Co., Ltd. A licensed agent in Guangdong for many well-known mechanical and electrical brands including JAGUAR (Taiwan), LUOWEI (Italy), BALDOR, GANEY, CPG (Taiwan), WEG (Brazil), JMC, DONGBA. It is also the exclusive agent of COEL (Italy) brake motors in China.</p> <p>Business Scope:. Air compressor,gear motor, electrical equipment.</p> | www.xdsjd.com.cn |

| | | | | |
|----|--|---|--|---|
| C6 | Guangdong Hongtu Technology(holding)CO.,Ltd. | CNC machining center | <p>Guangdong Hongtu Technology (holdings) Co., Ltd is the biggest die casting manufacturer in south China. Main products include automotive, telecom and machinery components. The main customers of Hongtu are Honda, Nissan, GM, Chrysler, and Chery which are well-known automobile brands, as well as the famous telecom brands like Huawei and ZTE.</p> <p>Business Scope: Auto, communications, electrical aluminum (mg) alloy die castings</p> <p>Business Intention: Automobile factory , CNC machining center factory.</p> | http://www.ght-china.com |
| C7 | Guangdong Testing Institute of Product Quality Supervision | Fire fighting testing equipment | <p>Specializes in product testing, certification and calibration. Affiliated to General Administration of Quality Supervision, Inspection and Quarantine of the People’s Republic of China (AQSIQ) and Guangdong Bureau of Quality and Technical Supervision, it is a national-level testing, calibrating and inspecting organization accredited by China National Accreditation Service for Conformity Assessment(CNAS) with an international CB testing laboratory recognized by International Electro Technical Commission Conformity Assessment System Organization of Electric Facilities and Components(IECEE).</p> <p>It can issue CB test reports in accordance with 158 international standards in 11 product categories.</p> <p>The company has provided professional technical services to General Electric Company (GE), Philips, Schneider, Midea, Gree, Hengda Real Estate, Guangzhou Metro, China Southern Power Grid, China Mobile, the Guangdong Power Grid and other domestic and foreign well-known enterprises.</p> | www.gqi.org.cn |
| C8 | GRG Radio Group Co., Ltd. | Sourcing LED automatic production lines, industrial power equipment, production lines of winding machines that produce and manufacture motors, dyeing machines and shaping machines used in textile industry, machining centers, boring and milling machines, woodworking machinery, etc. | <p>GRG INTERNAIONAL provides import services in mechanics, instruments and meters, and telecom equipments with focus on the most important fields of state economy, such as, environment protection, energy resources, medical care and public management, to provide optimized solutions efficiently and promptly for those customers who need import logistic services or sell high value industrial equipments in China.</p> <p>Business Scope: machinery, instruments & meters, communication equipment.</p> | http://www.grg.cn/ |
| C9 | Guangdong YUDEAN Group Co., Ltd. | Market research of local electric power industry, equipments and technology etc. | <p>Yudean Group -The former Guangdong Electric Power Holding Company, Yudean Group possesses over 90 branches of exclusively-invested, holding stock and participation units with the holding stock of the listed company - Guangdong Electric Power Development Co., Ltd. (GED). The business of the group involves in multiple energy sources including thermal power, hydropower, wind power, nuclear power, LNG power, biomass power and solar energy and so on with the distribution covering eastern, western, northern Guangdong Province as well as pearl river delta region and being extending towards areas outside the province and towards foreign countries actively. Currently, the coal-fired units in service of Yudean Group are all equipped with desulfurization facilities, making Yudean Group to become the first power generation enterprise which accomplishes desulfurization operation in all power units in China and reducing the discharge of sulfur dioxide by 290,000 ton every year for Guangdong.</p> | http://www.gdyd.com/ |

| | | | | |
|-----|---|---|---|-------------------|
| C10 | ATO Stone Company Limited | <p>1. Manufacture facilities of marble and granite.</p> <p>2. Financial Leasing Feasibility study of stone manufacturing facilities</p> <p>3. new and innovated machine for stone design and special processing for marble, granite, onyx.</p> <p>4. Stone manufacture machine importation evaluation. E.g. marble gang saw, polishing machine : a) for our own production usage b) agent business to promote them in China market</p> <p>5. Feasible study of Financial Leasing cooperation of big machines for stone production.</p> <p>6. Buying Marble blocks and granite blocks.</p> | <p>ATO Stone Company Limited manufactures and exports marbles and granites, as well as exhibitor of Italy Stone Fair (Marmomacc 2011). Main products include Silver Portero marble, Grey Ice Flower marble, Azalea Red marble, ATO Splendid marble, G603 alike granite etc. Currently the company is evaluating the possibility of extend our business to Financial Leasing of imported stone machines as well as being agent to promote imported stone machines in China.</p> <p>Business Scope: Marble, Granite manufacture, process and sales</p> | www.ATOstone.com |
| C11 | BAILEFU(Zhongshan)Electrical Co., Ltd. | Gas Heater & its spare parts | <p>Bailefu (zhongshan) electrical co.,ltd is a professional Gas household appliance manufacturer.</p> <p>Business Scope: Gas heater , Gas water heater Gas stove Gas Oen A/C and spare part import</p> | WWW.BAILEFU.COM |
| C12 | BILISHI(Zhongshan)Electrical Co., Ltd. | Gas water heater & its spare parts; Finding local buyer , and production agent and spare part import. | <p>BILISHI(ZHONGSHAN)ELECTRICAL CO.,LTD is a professional Gas household appliance manufacturer.</p> <p>Business Scope: Gas heater , Gas water heater, Gas stove, Gas Oven</p> | WWW.Bilishi.COM |
| C13 | Zhongshan Fortune Import and Export Co., Ltd. | Household [electrical] appliance and its spare parts、 ODS etc. Seeking import and export opportunities with partners in Canada. | <p>Zhongshan Fortune Import and Export Co., Ltd. a special trade enterprise in export and import for products including household electronic products, lights and lamp, garments, daily necessities, chemical products, metal products, machinery, farm and side occupational products.Business Scope: Household (electrial) appliance、 Metals products etc.Business Intention: Finding importers & exporters of Household (electrial) appliance、 Metals products.</p> | www.zsfortune.com |
| C14 | Guangdong Telecommunications Terminal Products Quality Supervision and Testing Center | sourcing LED automatic production lines, industrial power equipment, production lines of winding machines that produce and manufacture motors, dyeing machines and shaping machines used in textile industry, machining centers, boring and milling machines. Finding importers of telecommunication terminal products testing facility suppliers. | <p>Guangdong Telecommunications Terminal Products Quality Supervision and Testing Center (NCCT) is a professional telecommunications terminal products testing Lab. It provides testing service including new products research, quality testing, modify the testing standards and training about technical stuff.</p> <p>Business Scope: Telecommunication terminal products testing</p> | www.ncct.org |

| | | | | |
|-----|---|--|--|--------------------|
| C15 | Guangdong South China Institute of Industrial Design | manufacturing equipment, including measuring machine, CNC process Center, rapid prototype machine and duplicate mould equipment etc. | Guangdong South China Institute of Industrial Design (SCIID) provides professional product innovation service and promote upgrading of product design, technology development, exchange trainings and information sharing. SCIID has been successfully conducted more than 300 design projects for different industries and electronic equipments, medical apparatus, houseware items, computer communication and transportation facilities. SCIID has been the pace-setter of Sci. & Tech. Service industry and the first choice of product design and development. Business Scope: Product planning, design, development & prototype making. | www.sciid.com |
| C16 | Dongguan Liqin Precision Mould Co., Ltd Co., Ltd. | The CNC lathe, Die casting machine | | www.ALQ7.com |
| C17 | Dongguan Changsheng Cutting Tool Co., Ltd. | Advanced technologies (or equipments) for producing band knife, bandsaw and bimetal bandsaw | Dongguan Changsheng Cutter &Saws Co., Ltd. , integrates R&D,developing, producing, selling with the advanced and automatic German seamless welding equipments and the original Japanese material of alloy tool steel. Products are used in industries including leather, handbag, shoe, rubber foam, furniture. In 2004, the company introduced 6 continuous lead tempering producing lines to make the circular knife. | www.cs-daoju.com |
| C18 | Dongguan TokZin Industrial CO.,LTD | All Kinds of Plastic Scrap like PET, PP, PE, etc. | Dongguan Tok Zin Industry Co., Ltd. , is specialized in manufacturing regenerative eco-friendly polyester staple fiber with three production lines. Its Polyester Staple Fiber is used as stuffing in bedding, clothing, furniture, toys and other non-woven applications. | www.dgtokzin.com |
| C19 | Guangdong Ruizhou Technology Co., Ltd. | CNC machining center, precision parts. | Guangdong Ruizhou Technology Co.,Ltd. is specialized in the rese archand development, product ion and marketing of CAD, CAM products. Business Scope: R & D, processing, assembly, sales: Computer hardware and ancillary equipment、 Computerized cutting machine, CNC machine; development; design: computer CAD and CAM systems, computer network systems, computer management system; shoe design and grading. | www.ruizhou.com.cn |
| C20 | Guangdong Zhengye Electronics Co., Ltd. | Haas Lathe Machining Center ST-20 Haas Vertical Boring-Milling Machining LASER、 X-RAY | Guangdong Zhengye Technological Liability Limited Company is engaged in researching &developing, producing, selling and after-sale services of the precision detection equipments and electronic materials. It has produced more than 40 kinds of testing instruments and equipments for rigid and flexible board such as ionic contamination tester, visual inspection machine, X-ray inspection machine, impedance test system etc. Its market covers the Pearl River delta and Yangtze River delta region and is stretching to South Korea, Taiwan and other southeast Asia countries/regions. | www.zhengyee.com |
| C21 | Baosteel Group Guangdong Shaoguan Iron & Steel Co., Ltd. | Iron ore, fines, lumps, pellets | Baosteel Group Guangdong Shaoguan Iron & Steel Co., Ltd has annual output of 6.5 million tons as an important production base of hull structural steel plates, high strength steel plats for project machine and waterpower station, steel plates for high rise building structure and bridges, steel plates for boiler and Pressure Vessels in China. | www.sgis.com.cn |

| | | | | |
|-----|---|--|--|---|
| C22 | Foshan Fowei Precision Machinery CO., Ltd. | Precision grinder | Fowei precision Machines Co., Ltd specializes in manufacturing new and high quality CNC equipment and promises to design professional CNC machine tool, manufacture and process precision machine components. Fowei has advanced CNC processing test equipment of CNC processing centers,CNC precision grinders, CNC lathes and precision test instruments made by Swiss, US, Japan and German. Fowei precision Machines Co., Ltd has already developed and produced the three-axle linked vertical and four-axle linked horizontal CNC processing center,CNC milling machines,CNC drilling machines and CNC lathes , using CNC systems of Mitsubishi,Siemens, Fanus and other famous brands,using straight guides and roller screws from THK of Japan, and pneumatic components from SMC.Professional production and management system will increase efficiency of operation of Fowei to fully meet the market demand today. It has established the sales network countrywide to offer the all-weather sales services,including installation and maintenance of machine, technical design of products and operators training. Field | http://www.znum.com/fowei/gb/about.asp |
| C23 | Foshan Huiguang Machinery Manufacturing Co., Ltd. | CNC machine, numerical control machine tool | Huiguang Mechanical Manufactory Co., Ltd. -- Its products and parts are used in mineral separation, chemical engineering, environmental, packing, ships and etc. The company mainly has the equipments of meters large vertical lathe, planer type milling-boring machine, numerical control and digital lathe milling machine and nearly 100 varies equipments for welding, oxygen cutting, rolling and crane lifts. Business Scope: processing machine. | www.fshuiguang.com |
| C24 | Foshan Designer Machinery Factory | Bearing, screw rod, inspection instruments | the main products include Turning Milling Remixed CNC Lathes, Automatic Lathe, Bench Lathe, Thread Rolling Machine and whole spare parts of lathes. Equipments are applied to the cutting of precise parts of copper, aluminum, synthetic resin, carbon steel and other different materials (e.g. auto, electronics, clock, spectacles, lighting, pen point, photo electricity, sanitary bath, affair machine, electric appliance, etc). Business Scope: Mechanical Equipment. | www.fsdsg.com |
| C25 | Foshan Shunde Chencun Hongfeng Casting factory | Forging manipulator, fast drilling equipment | | |
| C26 | Foshan Kingguangfa Tools Co., Ltd. | Cutting tools | | |
| C27 | Foshan Nanhai Hengzhi Machinery Factory | Metal machining equipment | Guanyao Heng Chi Machine Factory is a machining enterprises and metal products enterprise. Business Scope: Machining; hardware products, processing, production and marketing. | |

| | | | | |
|-----|---|--|---|---|
| C28 | Foshan Chittak Machinery Co., Ltd. | Metal machining Center Machinery | <p>Chittak Machinery Co., Ltd. -- Products and services include tube and profile sawing, cutting and bending machines, tube-end forming machine and saw blade grinding machine as well as integrated professional services. Products include: metal circular saw, tube cutting machine, high-speed aluminum cutting machine, saw blade grinding machine, metal bar/tube chamfering machine, auto tube bending machine, tube-end forming machine, bead finish machine, door frame machine, etc. The company also provides overall machine combination solution in accordance with the actual requirements of customer.</p> <p>Business Scope: metal circular saw, tube cutting machine, high-speed aluminum cutting machine, saw blade grinding machine, metal bar/tube chamfering machine, auto tube bending machine, tube-end forming machine, bead finish machine, door frame machine, etc..</p> | www.chittak.cn |
| C29 | FoShan Gloden Field Gate Co., Ltd. | Metal machining Center Machinery, processing equipment | <p>Golden Field Gate Industry Co., Ltd. -- main products are stainless steel luxury doors, steel-wood armored doors, cast aluminum explosion-proof doors, aluminum sculptures doors, bronze art doors, pure copper villa doors, solid wood doors, bathroom doors, stainless steel door patterns, door fittings and so on. The company has more than 1000 sales outlets in the country.</p> <p>Business Scope: Processing and marketing of: stainless steel doors, steel doors, aluminum doors, copper doors, art doors, composite doors, wood doors, retractable doors, pvc doors, hardware fittings, metal products, metal profiles (excluding precious metals and rare metals) and stainless steel patterns.</p> | http://www.jindatian.com |
| C30 | Foshan Shunde Chencun Henggang Metal | CNC machine | | |
| C31 | Yunfu Kete Machinery Co., Ltd. | Machining Centre, CNC machine | <p>Yunfu KETE Machinery specializes in manufacturing stone processing machine with production, sale and service in optical mechanical-electrical integration products. The core products include Gang Saw, Automatic Polishing Machine, Automatic Bridge Cutting Machine, Automatic Stone Border Profiling Machine, Computerized Numerical Control Diamond Bead Chain Saw and Cutting Machine etc, with merits such as high degree of automation, high precision and proficiency.</p> | http://yfkete.com |
| C32 | Foshan Nanhai Dali Qiangxin Auto Repair | Auto mechanical products | | |
| C33 | New Minghe Mechanics Research & Development Co., Ltd. | Machine tools | <p>New Minghe Mechanics Research and Development Co.ltd ,which is a technological private enterprise in manufacturing whole factory facility of wallpaper and wallcloth etc. The company has already been successful in designing and manufacturing whole factory facility and professional equipments, particularly show superiority at coating, printing, embossing, auto-rolling and gluing process.</p> | |

| | | | | |
|-----|---|------------------------------|---|--|
| C34 | Foshan Nanhai Zhongnan Machinery Co., Ltd. | Machining center | Zhongnan Machinery Co., Ltd is specialized in designing and manufacturing of key components for large/medium diesels, major products include fuel rails unit and assembly, piston crown, cylinder cover, cylinder liner, fuel injection valve couple, fuel injection pump couple, plunger couple, valve support, inlet/exhaust valves, valve seat , exhaust valve casing, high strength bolt, turbocharger accessories, it produce also precision parts for electric control, mechanical parts for elevator, electric mould , plating aluminum-alloy wheel, CNC lathe, CNC milling machine, CNC machining center, air compressor and engineering machinery etc. | http:// www.znum.com |
| C35 | Foshan Nanhai Zhongnan Precision Machinery Co., Ltd. | Machining center | | |
| C36 | Foshan Nanhai Lifeng Machine Tools Co., Ltd. | Large precision machine tool | ACL Group -- Aa large-sized machinery group company engaged in design and production of plate work machinery, building machinery, wind pipe machinery and building materials production equipment, the Group's sales and services networks cover more than 100 countries and regions around the world. All ACL products employ CAD, while its forming products are designed with help of German data M special-purpose software. The products of ACL Group are sold in more than 20 countries and regions around the world which are applied to different industries such as wind pipe manufacturing, auto, containers, building materials, ironware, electrical appliances, urniture, and decoration. | www.acl-lifeng.com |
| C37 | Foshan Nanhai Lifeng Heavy Machine Tools CO., | Large precision machine tool | | |
| C38 | Foshan Nanhai Minghui Machine Tools Factory | CNC grinder | Foshan City Nanhai District Minghui Machine Tool Factory -- Its products include walking beam type Longmen Miller, Fixed beam Longmen grinder, precision Longmen milling machine, Precision single column milling machine, Single horizontal milling machine, Horizontal single-column milling machine, chamfering machine, Longmen milling head and elbow (Universal elbow) and etc.. Super audio guide by heat treatment enhance the service life of the machine tool and mechanical properties, so that the friction coefficient is reduced to the minimum and ensure the precision machining enduring. | |
| C39 | Foshan Encyclopedia Mechanical and Electrical CO., Ltd. | Machine tool fittings | | |
| C40 | Foshan Kingming Machinery Factory | CNC machine | Foshan Goldwin Machinery Manufacturing Co.,LTD -- specializes in researching and manufacturing machine components processing, work welding and food pack-aging machines. Goldwin and Kingdom provides machined parts for food machines, pack-aging machines, beverage machines, medical hardware, vehicle, papermaking , environmental industry and wind power electrical machine etc. with high quality and very competitive prices. Kingdom has import and export certifaicate. Field of Business: food machines pack-aging machines. | |
| C41 | Foshan Nanhai Huitong Machinery | CNC machine | | |
